

Mario Tenuta

Mario Tenuta is the NSERC/WGRF/Fertilizer Canada Senior Industrial Research Chair in 4R Nutrient Stewardship and Professor of Applied Soil Ecology at the University of Manitoba. His training includes a B.Sc. in Botany and Physical Geography, an M.Sc. in Soil Fertility, a Ph.D. in Plant Pathology, and Post-Doctoral research in Nematology. The 4R Industrial Research Chair Program is advancing research in 4R nitrogen management practices on the Prairies to give farmers and industry solutions to achieving nitrous oxide emission reductions as well as improved soil and environmental health.
